

# WAEX Filing Program- Initial Setup

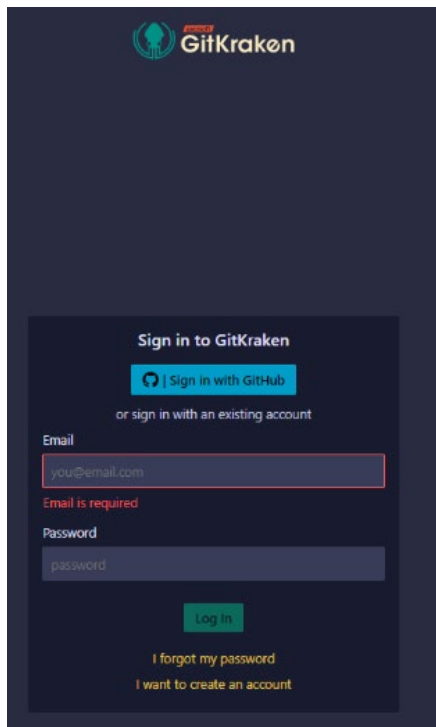

## 1.Navigate to Settings

## 2. Click "New PAT"

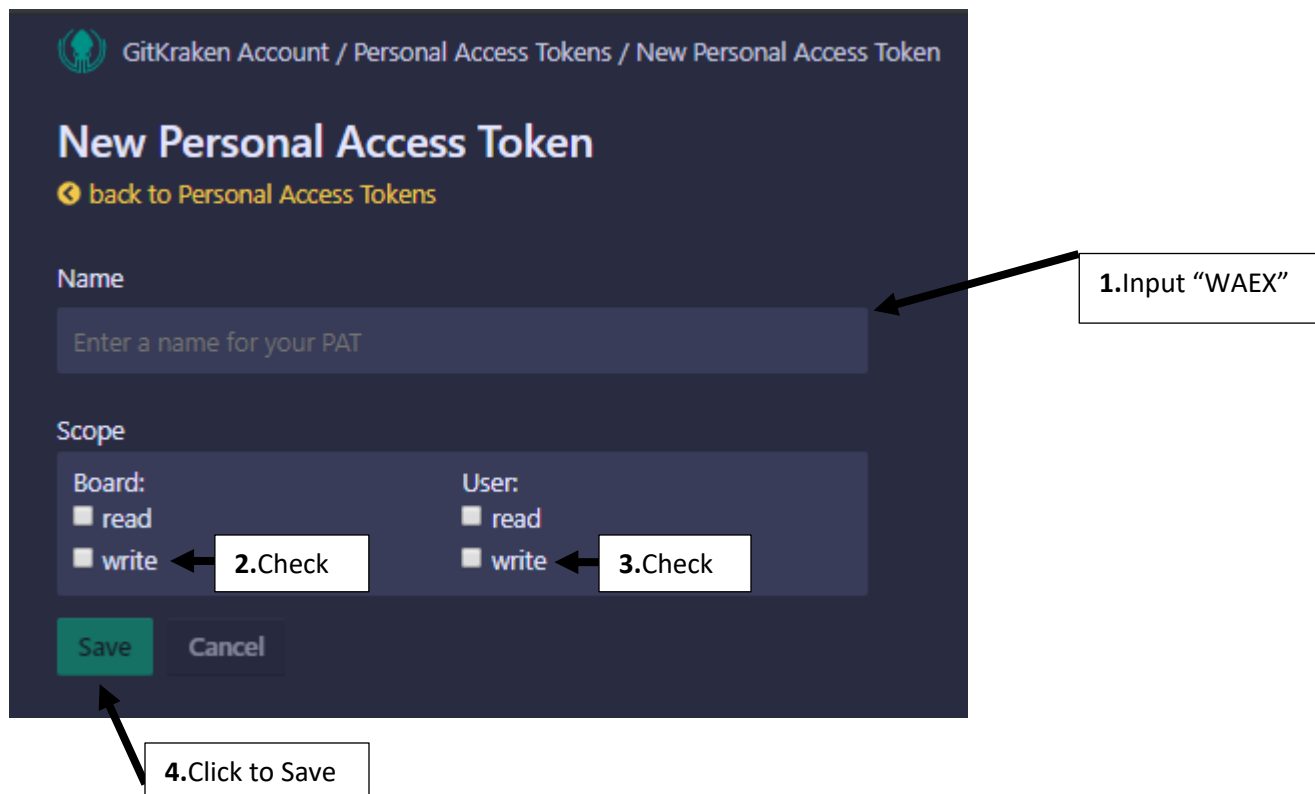

### 3. Create a GitKraken Account or login

The image shows the GitKraken login and sign-up page. At the top is the GitKraken logo. Below it, the text "Sign in to GitKraken" is displayed. There is a button labeled "Sign in with GitHub". Below that, the text "or sign in with an existing account" is shown. There are two input fields: "Email" with the placeholder "you@email.com" and "Password" with the placeholder "password". A red error message "Email is required" is visible below the email field. Below the password field is a "Log in" button. At the bottom, there are two links: "I forgot my password" and "I want to create an account".

### 4. Create the new PAT

The image shows the "New Personal Access Token" page in GitKraken. The page title is "New Personal Access Token" with a breadcrumb trail "GitKraken Account / Personal Access Tokens / New Personal Access Token". Below the title is a link "back to Personal Access Tokens". The "Name" section has a text input field with the placeholder "Enter a name for your PAT". An arrow points from a box labeled "1. Input 'WAEX'" to this input field. The "Scope" section has two columns: "Board:" and "User:". Each column has two checkboxes: "read" and "write". Arrows point from boxes labeled "2. Check" and "3. Check" to the "write" checkboxes in the "Board:" and "User:" columns respectively. At the bottom, there are "Save" and "Cancel" buttons. An arrow points from a box labeled "4. Click to Save" to the "Save" button.

5.Copy PAT and paste into PAT box in the program

The screenshot shows an OAuth2 authorization interface. At the top, the 'Name' field contains 'WAEX'. Below it, the 'Access Token' field displays a long alphanumeric string: 'pb3134d34b973954885bea23c7174846c2f755cc5'. To the right of this field are two icons: a blue copy icon and a red refresh icon. A black arrow points from a white box labeled '1.Copy' to the copy icon. Below the token field, a warning message reads: 'Make sure you save this token - you won't be able to see it again'. The 'Scope' section shows two columns of permissions: 'Board' with 'read' and 'write' checked, and 'User' with 'read' and 'write' checked. At the bottom, there are three buttons: a green 'Save' button, a grey 'Cancel' button, and a red 'Revoke' button. A black arrow points from a white box labeled '2.Click Save' to the 'Save' button.

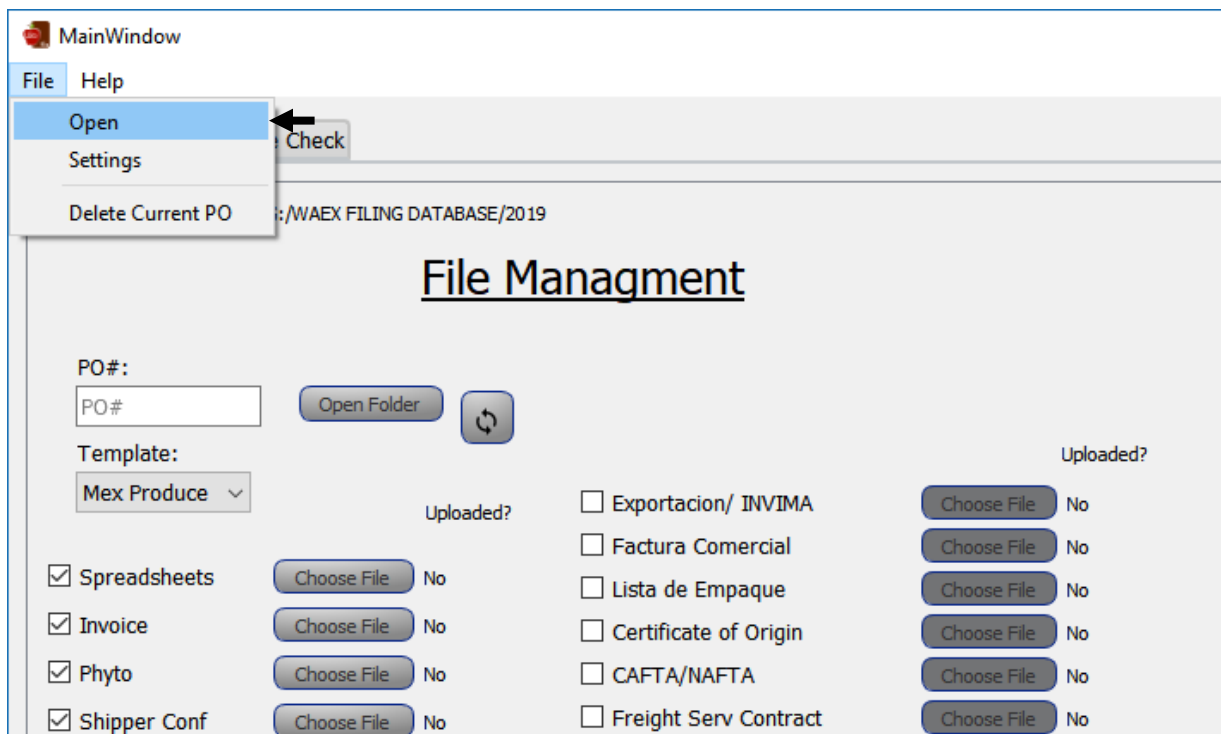

6.Paste PAT into Settings

The screenshot shows a 'Settings' dialog box with a title bar and a close button. It is divided into two sections: 'Application Settings' and 'Glo Board Settings'. In the 'Application Settings' section, there are three unchecked checkboxes: 'Open folder on Enter press', 'Add note on Enter press', and 'Enable Tool Tips'. Below these is a 'User Name' field containing the text 'John'. A black arrow points from a white box labeled '1.Input First Name' to this field. In the 'Glo Board Settings' section, there is a 'PAT' field containing the same alphanumeric string as in the previous screenshot. A black arrow points from a white box labeled '2.Paste PAT' to this field. Below the 'PAT' field is a 'New PAT' button. At the bottom of the dialog, there is a text label 'Restart Application to apply settings.' and a 'Close' button. A black arrow points from a white box labeled '3.Click Close' to the 'Close' button.

7. Restart the application to apply the setting.

Close the application then open it.

## 8. Choose the Working directory

Navigate to the “WAEX FILING DATABASE” folder on the G Drive: G:\WAEX FILING DATABASE\
